

The Heart of the Healer Foundation invites you
to our Fifth Annual International Gathering

Wiracocha's DREAMING

The Mirror within Spirit & Matter

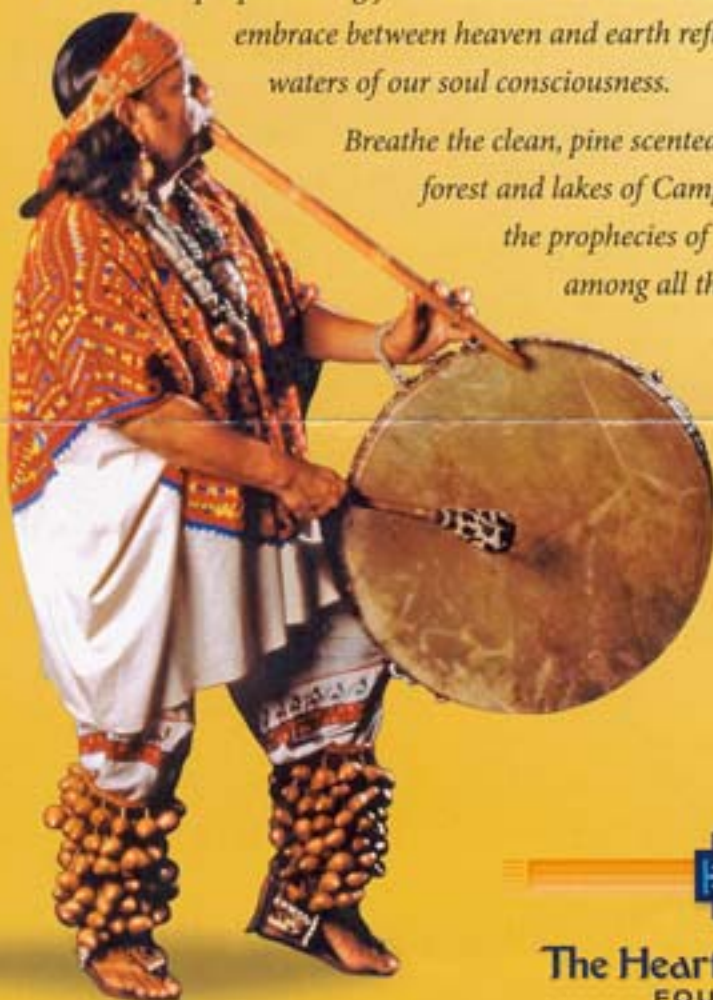

September 22-25, 2005

**Camp Miniwanca,
Shelby, Michigan USA**

*Join us for an unprecedented alliance between
Western science and indigenous spirituality.*

*Contribute to the bridging of contemporary anthropological knowledge with the
ancestral earth-honoring wisdom and sacred ceremonial healing arts of our traditional
peoples. Bring your children and loved ones to experience the ineffable
embrace between heaven and earth reflected in the deep and still
waters of our soul consciousness.*

*Breathe the clean, pine scented air and be soothed by the gentle sounds of the beautiful
forest and lakes of Camp Miniwanca. Walk a path of "re-membling" that honors
the prophecies of our Ancient Ones mirrored in the life-affirming dance
among all things seen and unseen.*

Participate in an extraordinary ceremonial
celebration honoring our indigenous wisdom traditions.

Enjoy nurturing personal renewal through shamanic
ritual, music, dance, song, deep dialogue, laughter and
ancient tribal teachings.

Experience the living soul of an international com-
munity of heartfelt Earth stewards.

Create the reality of a sacred partnership between
humankind and our beloved Mother Earth.
