

*You haven't seen Macbeth until you've seen it presented by Dzieci.
And you're not likely to see anything resembling it ever again!*

You have not seen anything like Makbet! A riotous clan
from the "Old Country" greets you with song, dance,
and divination then leads you through a wild, whirlwind
of witchcraft, omens, passion, and bloodshed.

For Dzieci Theatre's visceral take on Macbeth,
actors spontaneously trade off parts from scene to scene,
exploding the art of story telling, and creating a
one-of-a-kind experience, which audiences have said is,
"Absolutely liberating!"
